2027 PARENT PAYMENT CONTRIBUTION – YEAR 5

12 November 2026

RE: Year 5 Student

Dear Year 5 Parents & Carers,

Keysborough Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2027.

Schools provide students with free instruction to fulfil the standard curriculum requirements, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support. This has made a huge difference to our school and the programs we can offer.

The support of our school community makes a real difference to the learning opportunities we can provide for our students. In 2027, we hope to continue enhancing our classrooms with high-quality learning resources that support student growth and achievement, particularly in English and Mathematics. Our priorities include expanding our collection of engaging reading materials, providing hands-on mathematics resources and manipulatives, and increasing access to digital technologies that enrich learning experiences. We also hope to further strengthen the resources available across our classrooms and specialist programs. These additional resources help us create engaging, purposeful learning experiences that build strong foundations in literacy and numeracy, inspire curiosity and support every child to achieve their best.

Schools must advise the carers of students in out-of-home care and parents and carers who hold a financially means-tested card (such as a healthcare card) that the invitation to make voluntary contributions does not apply to them.

In addition, schools can invite parents and carers to pay for optional:

- Extra-curricular items and activities that go beyond the curriculum - for example, school photos, some excursions and some camps.
- Learning materials for students to individually use and own - for example, textbooks, stationery, and in secondary schools only, digital devices. If these items are not bought or provided from home, schools must provide students with free access to what they need for curriculum delivery.

FINANCIAL HELP FOR FAMILIES

Each school has a contact person who can discuss with parents and carers the financial supports that are available.

Schools must publish their Parent Contributions arrangements on their school website, along with a link the department's Parent Contributions policy.
